JavaScript	AJAX	MySQL	ESQL

➤ PERSONAL STRENGTH

- Ready to accept any challenge in my task.
- Flexible and adaptive in nature.
- Have good interpersonal skills & work ethics
- Quick learner, self-motivated & smart worker.

❖ EXPERIENCE SUMMARY

❖ Organization: Adobe Inc.
➤ Designation: Senior Workfront Consultant (March 2024 – Present)
Job Description: At Adobe, I've played a diverse role by providing consultation to multiple clients on Workfront, Fusion, and Content Supply Chain solutions. I've worked as both a developer and a project manager, successfully delivering several projects. I've also interviewed, trained, and mentored new team members, and contributed to pre-sales activities by giving demos, scoping over $1.2M in opportunities, with $8K+ in deals closed. During this time, I also received a couple of global awards in recognition of my work.

❖ Organization: Accenture India Pvt. Ltd.
➤ Designation: Team Lead (March 2022 – February 2024)
Job Description: I worked on a production support project for a Germany-based CGS client as the Managed Service Owner (MSO) for the GIB application. I was the main contact for all production issues, responsible for system stability and client communication. I translated business issues into technical terms for my team and vice versa, while also leading and training a team of 8 members.

❖ Organization: Ericsson India Global Solutions Pvt. Ltd.
➤ Designation: Senior Solution Integrator (January 2020 – February 2022)
Job Description: As part of the development team, I worked on design, development, unit testing, change requests, bug fixes, delivery, and warranty support for a telecom client of KSA. I was the only IIB developer in the organization, so I led all IIB work and mentored the team. After that project, I handled a Java L3 support project as the sole resource for a telecom client of Norway.

❖ Organization: Cognizant Technology Solutions India Pvt. Ltd.
➤ Designation: Associate (Apr'16 – Dec'19) & Programmer Analyst (Aug'13 – Apr'16)
Job Description: I joined the organization as a fresher and completed training in Java, .NET, and various middleware technologies. I then started working for a USA-based insurance client, initially focused on development & unit testing. Over time, I took on bug fixing, documentation, delivery, warranty support, and design work. I received several awards and appreciations during this period

❖ INNOVATION AND R&D ACTIVITY

- ➤ Developed *Error Handling Framework*, in Workfront Fusion which is being used by everyone at competency level in Adobe Workfront now.
- ➤ Developed *A Dynamic Proofing Mechanism*, in Workfront Fusion. This is being used by a leading French luxury cosmetics brand.
- ➤ Developed *A Synchronization Model*, in Workfront Fusion that synchronizes the metadata between Workfront, AEM & Veeva, making the MLR review process easy and unified. This is being used by a leading global pharmaceutical brand.
- ➤ Developed *EAD Gateway Framework*, that accepts CMM messages from front-end system, converts it into any structure using XSLT and invokes back-end service. This is used by leading USA based insurance client.
- ➤ Developed a *Migration Framework*, that automates the migration process of customer data from legacy system, without any system downtime. This is used by leading telecom client in KSA.
- ➤ Created an XSLT Transformer Utility tool for implementing XSLT transform and some basic XML utility functions.
- ➤ Created a Visual Mapping Utility tool that maps XML to XML directly through UI and generates ESQL/XSLT code for that.
- ➤ Created a *Global Cache Utility* tool for implementing Create, Read, Update and Delete operations directly on global cache of message broker.

❖ AWARD & RECOGNITION

- ✓ Received Cognizant Shining Star Award in October 2015.
- ✓ Received Cognizant Shining Star Award in May 2016.
- ✓ Received Cognizant Associate of the Quarter in Q4 2017.
- ✓ Received Ericsson Rockstar Award in Q4 2020.
- ✓ Received Accenture ACE Award in 2022.
- ✓ Received *PS EMEA Teamwork & Collaboration Award* in Q3 2024.
- ✓ Received *Adobe Quarterly Functional Award* in Q1 2025.
